November 1, 2020

Dear Caregiver,

**ADAKC Board of Directors voted on Tuesday, October 20, 2020 to re-open the program in Center following all local and state guidelines per Center of Disease Control & Prevention. The re-open plan will be implemented in phases starting November 10, 2020.**

We continue to work diligently to implement Covid-19 safety protocols. While we cannot guarantee that our team or our center will never be exposed to the Coronavirus, we strive to operate safely and responsibly for all clients, caregivers, families, and community.

*Please support our health and safety efforts by:*

- Review the Re-Open Plan carefully and contact Family Services with any questions
- If you or your loved one are unwell (or have been exposed to any potential illness), please notify us as soon as possible
- Clients and caregivers will be asked to wear a mask and social distancing will be enforced for all participants
- Please understand that family members and/or visitors will not be permitted to enter the center until further notice
- Our modified program hours are Monday through Friday, 8:00 am to 4:30 pm

***It is an honor to care for your loved one at ADAKC.*** We strive to provide a safe environment with the focus on brain stimulation, activities, healthy nutrition, socialization and a variety of therapies to serve the whole person. Our mission is to serve all in Kern County on the Alzheimer's journey. You and your loved one are very important to us and we are honored to continue to serve you.

Sincerely,

Janelle Capra  
Executive Director
